

doTERRA or Young Living? You Decide!

Young Living files amended complaint on 7/18/2013 against doTERRA, Inc. in Federal court "for **false advertising** because doTERRA claims that its essential oils are of natural plant origins and '100% pure.' **Testing of doTERRA essential oils by independent laboratories allege** that, contrary to doTERRA's widespread claims, that its essential oils are 100% Pure with no fillers or additives, **in fact are adulterated with man-made synthetic compounds. . .**"
